Version 12.2.57.1 - Chunks stay loaded. Except when they don't. ** Hotfix - Forgot to include the better Kimberlite processing in NC Rock Crusher and IE Crusher ** ** Hotfix 2 - Add a zero ** Mostly a change for servers. Adding the WeirdingGadget mod for your chunk loading needs. Also removed the FTB Utilities Chunk loading by default. Feel free to enable it for your SSP needs, but the configs are managed with servers in mind. Also adjusted the moarBoats chunk loader to roughly match the Weirding Gadget recipe. Also increased the Sequoia sapling drop rate from Improbable to Unlikely Small change to login timeout which may help with some servers. Adjusted the BwM Anchor recipe to make craftable - Thanks rhino1998 Added: - WeirdingGadget Version 12.2.57 - Chunks stay loaded.

Adjusted the BwM Anchor recipe to make craftable - Thanks rhino1998 Added: - WeirdingGadget Installation is really easy and once you are all setup and done, if you are enjoying your experience with NFSMW then you can customize your experience by creating loaders. A fresh install of your game with a mod installed will allow you to select that in NFSMW. Need a new chest for your garage, hot wheels for all your cars, a recipe, a function or an item? This is the most popular mod forum and wiki out there. We have a forum that can help answer most of your questions, if not try our help forum. Installing a mod/mod loader can be a bit different for each game as they are all different but this tutorial should walk you through the process. More Channels:SSP Chunks -
